

# Sarah Green

Case Manager

Independent Occupational Therapist

## Profile

A highly experienced and skilled occupational therapist case manager, Sarah has worked with clients with a wide range of injuries and conditions, including extensive work in the field of neurological rehabilitation and the management of neurological conditions.

Her clinical areas of expertise include acquired brain injury, spinal injury, catastrophic injuries (including disorders of consciousness) together with best interest and capacity assessment.

She has also experience of providing expert witness reports for care and rehabilitation to the court.

## Biography

Since qualifying in 1997, Sarah has gained extensive experience as an occupational therapist and neuro-navigator within a broad selection of NHS services in London. This includes Level 1 neurological rehabilitation and acute settings, community, neurological-outpatient and vocational rehabilitation services. In addition she has worked with clients with spinal injuries and poly-trauma.

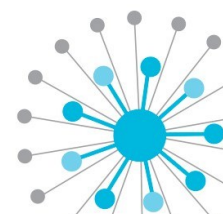

Sarah gained a MSc in Neurological Rehabilitation in 2005 and has continued her professional development within this area, with regular attendance and presentations at national conferences and courses. She is a member of the Royal College of Occupational Therapists (RCOT) special interest group in neurological practice, having previously been a committee member and London group chair. She is a confident and skilled report writer and communicator.

Sarah has experience of medico-legal report writing for both care and rehabilitation. She is also an accredited best interest assessor (2023) with an interest in functional neurologic disorder (FND) and long term neurological conditions. Sarah presently co-chairs a pan London Neuro-Navigator network and is passionate about improving the lives of those living with neurological conditions.

Sarah's skills make her a sound and experienced occupational therapist case manager, who is able to take on any rehabilitation, no matter the client's injury or trauma.
